### ***DVDs/CDs/CDRoms - free to borrow if returned safely***

#### ***Nooma***

We have a complete set of Nooma DVDs for parishes to borrow free of charge. We only ask that you return the DVD to us undamaged either in person or via the post. See the separate Nooma leaflet for details.

#### ***Play PAWS***

This DVD of Ice-breaking games does rather defy description. If you like pandas, especially pandas from Newcastle-upon-Tyne or if you're into slightly quirky games and humour then this really is for you. There are 2 dvds each with 6 sets of icebreaker games from spot the chocolate bar from its cross section to anagrams in alphabet soup. The graphics are rather clunky but that's just part of the appeal.

#### ***Mission and Young People at Risk***

This CDrom tool from the Frontier Youth Trust is a great way to assess the needs of young people in your community as you look to start any new work with young people. It contains 700 screens looking at four subjects: Community, Communication', 'Mission' and 'Group work'.

If you have any suggestions for DVD resources which you think the diocese should invest in for use by parishes, do get in touch.

#### ***Molton Meditation and Molton Meditation 2***

Finding a time and place to meditate and reflect on God's word can be a struggle. So many interruptions and distractions get in our way. These Molton Meditations are between 10-15 minutes long and push the world away replacing it with soothing music and words of scripture.
